

DARCY FINLEY / WINNIPEG FREE PRESS

Outdoors Report page writer Ben Graham and guide Richard Guenette, with a nice 74 cm channel catfish, caught during the media challenge at the 11th annual Fish Winnipeg event on Tuesday, June 17.

There were two Free Press teams at the event, with this boat — with Ben Graham, Outdoors Report editor Susie Strachan and photographer Darcy Finley — placing tenth overall, and the other team landing more fish, to put them in fifth place.

The Fish Winnipeg event raises awareness of how fine the fishing is on the Red and Assiniboine rivers in Winnipeg. Funds raised from the event go towards youth at risk angling programs in the city.
